

ART DIVISION

When considering an entry in the Art Competition, students must realise that an early start to their project will help to produce a high quality and competitive entry.

Choose your subject wisely, with guidance from the Scriptures (Philippians 4:8) and your supervisor, so that your theme/purpose is in harmony with a Biblical Worldview. Refer to the Judges Form for your project.

A student may enter five (5) events in the Art Division.

Remember, students must enter events in more than one division.

Following is a list of events in the Art Division:

AR.2

GENERAL GUIDELINES

All entries must be the sole work of the student, and each item must have been commenced since the previous Student Convention. An Art Report is to be checked in with the student's art work. Students are encouraged to draw on their own ideas for subject matter and composition. **It is time honoured and generally accepted practice that students use copying as a method of learning art techniques. Whilst this is acceptable as a learning tool, any copied artwork is not acceptable for entry at Student Convention. This is a breach of copyright and is illegal and may lead to litigation. (See www.copyright.org.au).**

Entries must be consistent with a Biblical Worldview and subject matter must adhere to the Convention Dress Code (see the Introduction to Convention Guidelines on page IN. 16). Violations of such standards will prevent the entry from being judged and it will not be displayed. All entries must be done in realistic style - no abstract or surrealism. **NO ENTRY SHOULD ATTEMPT TO PORTRAY THE FACE OF CHRIST.** No colour-by-number paintings will be accepted.

No entry may be longer than 900mm in any direction including frames, unless otherwise stated.

All framed Artwork must be ready to hang for display. Points will be deducted for Artwork that is not correctly prepared for hanging (e.g. **sticky tape, fishing line, etc. is NOT suitable**). SCEE will accept no responsibility for Artwork that is damaged due to incorrect preparation for hanging.

FRAMING

All Artwork, in the following categories, must be framed and ready to hang:

- ◆ Oil
- ◆ Watercolour
- ◆ Acrylics
- ◆ Sketching
- ◆ Pastels
- ◆ Coloured Pencils
- ◆ Pen & Ink
- ◆ **Mixed Media**

Paintings on canvas stretched over wooden frames are acceptable but must still be ready to hang. Artwork that is NOT FRAMED will NOT BE JUDGED.

Matboard may be used in conjunction with a frame. Matboard is a coloured, stiff card used by picture framers and photographers to mount pictures. Matboards may be used as a border around the picture. It must then be framed.

The framing is not required to be done by the student, but the student is required to select the frame and colour. This selection must not be left to school staff, parents, or a professional.

Entries in the following categories **must not be** framed:

- ◆ Prints
- ◆ Posters

Prints must be mounted. Mounting means attaching (gluing) to a firm backing material. Prints may use Matboard for mounting and as a frame for the picture. Glass or enclosed frames are not permitted. **Prints that are framed in glass or enclosed in frames will not be judged.**

AR.3

OIL

- Entries in this event must use an oil-based paint, consisting of pigment ground into the medium (usually 'linseed') and demonstrate the techniques of oil painting.
- Oil paint is considered a highly flexible medium, and can be used in a variety of ways. It can be applied thickly or it can be used to give a thin, washed appearance. The student should carefully consider whether his/her choice of application suitably expresses and enhances the desired visual effects.
- A variety of tools can be used in paint application. Examples include: brushes, knives, rags, fingers, etc.
- Students should note that oils require a considerably longer drying time than the other mediums and should therefore prepare their item well in advance of Convention dates.
- Canvas preparation is not part of the Judging Criteria for Student Convention.
- **Oils are to be consistent with a Biblical Worldview and must not portray the face of Christ.**
- **Depiction of people must be consistent with the Convention Dress Code (see the Introduction to Convention Guidelines on page IN. 16).**

WATERCOLOUR

- Entries in this event must use a water-based paint, consisting of pigment dispersed in water-soluble gum, and demonstrate the techniques of watercolour painting.
- Watercolour, due to the fluidity of water, can be an exciting but unpredictable medium and students should be prepared to make numerous attempts before they will produce a quality painting that expresses the desired visual effects.
- The painting should be built up using a series of semi-transparent washes worked from lighter washes through to the final, darkest wash. Forward planning will be needed to successfully achieve this effect. (NOTE - watercolours are made lighter by adding water not by adding white paint as in other mediums.)
- **Watercolours are to be consistent with a Biblical Worldview and must not portray the face of Christ.**
- **Depiction of people must be consistent with the Convention Dress Code (see the Introduction to Convention Guidelines on page IN. 16).**

See **CHECKLIST FOR ART** on page **AR.3**.

It is highly recommended that contestants acquire and study reference books about their chosen entries/medium.

ACRYLICS

- Entries in this event must use an acrylic-based paint, consisting of particles of pigment suspended in acrylic resin, and demonstrate the techniques of acrylic painting.
- Acrylics is a versatile medium that can be used in transparent washes or as thick, opaque layers. Students should however, be aware that the rapid drying time for acrylic paints (15-20 mins) will require that students master certain styles and techniques to achieve a quality painting, which expresses the desired visual effects.
- Canvas preparation is not part of the Judging Criteria for Student Convention.
- Acrylics are to be consistent with a Biblical Worldview and must not portray the face of Christ.
- Depiction of people must be consistent with the Convention Dress Code (see the Introduction to Convention Guidelines on page IN. 16).

SKETCHING

- Entries in this event must use charcoal, graphite or lead pencils. DO NOT use coloured pencils or other forms of colour.
- Sketching is **not** about 'colouring-in' shapes or areas, rather it focuses on the building of lines, strokes and shading to form a unifying picture or effect. Special detail should be given to the depiction of tone (the combination of a subject's natural light, colour and texture), so that your entry has the appearance of depth.
- Avoid solid, continuous outlines. Lines can be varied by the hardness/softness of the lead (ranging from 9H - 8B), sharpness of the tip, pressure applied and speed at which the line is drawn.
- Special attention should be given to keeping your entry 'clean' as leads and charcoals can easily be smudged.
- Sketches are to be consistent with a Biblical Worldview and must not portray the face of Christ.
- Depiction of people must be consistent with the Convention Dress Code (see the Introduction to Convention Guidelines on page IN. 16).

See CHECKLIST FOR ART on page AR.3.

PLEASE REFER TO THE ART GENERAL GUIDELINES WHEN PREPARING FOR THESE EVENTS

PASTELS

- Entries in this event must use pastels or chalks, consisting of pigment powder ground chalk and gum which is formed into a dry paste.
- It is recommended that colour be built up gradually, starting with light open lines of colour which are overlaid to produce the colour effects and visual blending.
- Special attention should be given to keeping your entry 'clean' as pastels and chalks can easily be smudged.
- Pastels are to be consistent with a Biblical Worldview and must not portray the face of Christ.
- Depiction of people must be consistent with the Convention Dress Code (see the Introduction to Convention Guidelines on page IN. 16).

COLOURED PENCILS

- Entries in this event must use coloured pencils, consisting of clay - coloured with pigment and bound with wax. DO NOT use lead pencils or pens.
- Coloured pencils is **not** about 'colouring-in' shapes or areas, rather it focuses on overlaying colours and strokes to create a visual blending of colour. Washed, watercolour pencils are therefore not appropriate.
- Avoid solid, continuous outlines and areas of 'flat' colour. Instead, effects can be created using the methods of hatching, crosshatching, shading, scribbling, etc.
- It is recommended that colour be built up gradually, starting with light open lines of colour which are overlaid to produce the appearance of depth.
- Coloured Pencils are to be consistent with a Biblical Worldview and must not portray the face of Christ.
- Depiction of people must be consistent with the Convention Dress Code (see the Introduction to Convention Guidelines on page IN. 16).

PEN & INK

- Entries in this event must use **monochrome** pen or brush work, ink (Indian Ink) or felt-tipped drawing pens. DO NOT use textas.
- Lines can be carefully drawn or freely sketched.
- The visual effects of texture and form are most important. These can be achieved by patiently building up small patches of hatched and cross-hatched lines. Varying the density of the lines will produce a rich and variable range of tones from the lightest through to the darkest.
- Avoid overworking the paper as ‘white space’ contributes to the impression of light.
- Pen & Inks are to be consistent with a Biblical Worldview and must not portray the face of Christ.
- Depiction of people must be consistent with the Convention Dress Code (see the Introduction to Convention Guidelines on page IN. 16).

MIXED MEDIA

- Mixed media refers to a work of visual art that combines various traditionally distinct visual art media. For example, a work on canvas that combines paint, ink and collage could properly be called a “mixed media” work.
- A minimum of three (3) different types of media MUST be used for all entries in this event.
- All mixed media artwork must be presented at Convention ready to be hung.
- Students MUST include each different type of media used on their Art Report.
- Mixed Media works are to be consistent with a Biblical Worldview and must not portray the face of Christ.
- Depiction of people must be consistent with the Convention Dress Code (see Introduction to Guidelines, page IN. 16).

- A poster's aim is to give a message - short and simple. It needs to be eye-catching, to the point and easy to read.
- The poster MUST deliver a Christian message, e.g. God's world, Scriptures depicting character traits, or God's principles and truths.
- Size of poster: must be a Standard A3 (420mm x 297mm) and may be laminated but must not be mounted or framed in any way
- Each poster must be submitted with a step-by-step Poster Report (AR.16) identifying the process of the production of the poster.
- **Students must give proper credit and have written approval for use of any copyrighted material. Posters using copyrighted material illegally will not be judged.**
- **Posters using unfocussed or pixellated pictures or images will not be judged.**
- **A Bibliography of any references including credits for photos and images must be included. All photos or images used in any poster must be properly accredited to the owner or source of that photo or image, e.g. www.picsforfree.com (example only).**
- **Posters are to be consistent with a Biblical Worldview and must not portray the face of Christ.**
- **Depiction of people must be consistent with the Convention Dress Code (see Introduction to Guidelines, page IN. 16).**
