Southern Cross Educational Enterprises Ltd. offers a service for independent homeschool educators. This service is offered to autonomous home educators who wish to make their own selections from the extensive range of A.C.E.’s proven educational materials. Home educators using this programme manage their own administration; including report cards, transcripts, and diplomas. SCEE recommends the purchase of the Starter Kit. This bundle of training materials contains the following items:

- Home Educator’s Manual
- Home Educator’s Activity Pack
- Scope and Sequence
- Philosophy of Christian Education Training (Wisdom PACE)
- Diagnostic tests for one student
- Record-Keeping set

Upon completion of the Home Educator’s Activity Pack, homeschool educators will be prepared to place curriculum orders for their children.

The Starter Kit addresses three critical areas essential to successful home schooling:

**DIAGNOSTIC TESTING**

The Starter Kit contains a Diagnostic Test Kit, which enables students who are already able to read to be placed in the curriculum at their performance levels. Each Starter Kit contains a test kit for one student. Additional Diagnostic Test Kits need to be purchased separately.

**RECORD-KEEPING**

An important part of an effective homeschool program is maintaining good records. A Record-Keeping Set for one student is included in each Starter Kit. The Home Educator’s Manual gives explicit instructions on using the record-keeping forms correctly.

Southern Cross Educational Enterprises Ltd. developed the Starter Kit to address the needs of the family. Training the parent to properly use the program, testing the student for proper placement in the program, and providing a record-keeping system to track student progress builds a strong foundation under a successful homeschool program.

Alternatively, if you would prefer to have a service provider manage your administration; including report cards, transcripts, and diplomas; please contact:

Southern Cross Educational Enterprises to enquire about your nearest A.C.E Service Providers.
