Dear Christian Educator

Welcome to the 2015 Accelerated Christian Educators’ PNG Mega Conference and the Kokopo Educators’ Conference.

As we see the events around the world unfolding and compare them with what the Bible has to say, we recognize that we are in the last days – very close to the coming of the Lord Jesus for His saints.

How should we respond to this? To be ever more watchful in serving Him faithfully so that we will receive that wonderful welcome: “Well done thou good and faithful servant!”

There are exciting things happening in PNG and we look to the Lord with you to be able to make a real impact on this nation. Especially, we look to the younger generation, those that the Lord will raise up to become leaders in their appointed time. What a wonderful blessing to know that we have been able to play even a small part in preparing them for what lies ahead.

It is important to know, however, that just as Zerubbabel was dependent on God for the strength and power to complete the second Temple in Jerusalem, so we are totally dependent on Him to enable us to build the temple of the hearts of these young people.

As the Word of the Lord came to Zerubbabel, so it comes to us today:

“Not by might, nor by power, but by My Spirit, saith the Lord of hosts.”

Let us join in fellowship and unity together to learn, share our experiences and together labour to see the young people of this nation well prepared for their destiny!

Don’t forget to register early! There are limited places available and a limited supply of handouts. Once they are gone, they are GONE!

Yours for young lives in PNG.

Richard Crotts  
*Missionary*

Richard Crotts Sr. has been in the gospel ministry for 40 years. He has been involved directly with Christian Education for 35 years. While ministering in the United States, he was pastor of a church and started a school ministry using Accelerated Christian Education. He trained as an administrator in the early days of A.C.E. in Louisville, Texas. Richard was also a representative for A.C.E., helping to start other church schools. He began ministry in PNG in 1985, where he and Mrs. Crotts home-schooled their own children using the A.C.E. curriculum. Soon church members also became interested in having a Christian school for their young people. Seeing the benefit the individualized program could be to the Papua New Guinea students, and believing in the need for a Bible-based education, he started a school ministry in Rabaul. In following years he has helped to start three other schools in PNG, acting as advisor and/or administrator. He also uses the A.C.E. curriculum to enhance language skills and over-all learning in the Bible college students he teaches in PNG.

Mrs. Joyce Crotts

After receiving training in Christian Education in Bible college, Mrs. Joyce Crotts became involved in schools using the A.C.E. curriculum in 1974. She completed the A.C.E. training course and attended yearly conventions. She taught music and worked as a Learning Center Supervisor for many years both in the United States and in Papua New Guinea. Bro. and Mrs. Crotts’ three children graduated, having used the A.C.E. curriculum throughout their entire school experience. Joyce has also taken as students children who were labeled “non-educatable” in government institutions. She has seen those students learn to read, memorize Scripture, and excel beyond anyone’s expectations. She says, “I believe that when God is at the center of a child’s learning experience, then the child can fully realize his/her purpose and potential.”
