Rosetta Stone® Classroom for Education

The Rosetta Stone Classroom solution is a powerful learning tool that can be utilised independently or blended into an existing language-learning curriculum.

Rosetta Stone Classroom is a comprehensive solution designed to address the many educational language-learning challenges:

- Enhance and extend your current language offering
- Increase focus on speaking and pronunciation
- Include technology in classroom learning
- Increase support for EAL & ESOL students
- Support schools in delivering the EBacc certificate

Rosetta Course®

Provides a foundation for learning a language using our proven Dynamic Immersion® method. Students gain confidence with our proprietary speech analysis tools, and quickly develop reading, writing, speaking, and listening skills, without translation.

Rosetta Stone Manager®

Empowers administrators/teachers to constantly track learners’ progress with customised reports.

Account Management

Customers enjoy the support of a dedicated account manager advising on best practice before, during and after implementation to ensure a high level of adoption and usage.

Rosetta Stone offers flexible license solutions that are tailored to meet a school's specific needs, technology environment and requirements. Available in more than 30 different languages, the program affords teachers the opportunity to entrust critical language skill development so that invaluable classroom time can be focused on topic-based activities that bring language learning to life.

Grade Range: Rosetta Stone Classroom is suitable for primary, secondary, higher education and adult lifelong learning initiatives.

Rosetta Stone has partnered with over 20,000 schools worldwide including Frankfurt International School, Ursuline High School and Kingsford Community School.
