Important Issues to remember when placing orders:

Product Catalogue

New Product Catalogue does NOT have PRICES. All Prices are located in the New SCEE Order Forms. Please Use them together for best results. Please take the time to read your catalogue. It gives detailed information about location, contact numbers, ordering, shipping information, customer service and accounts information.

Order Forms

We send out a set of forms with every order. Please use these forms as we are not responsible for misunderstandings and this will make the processing of your order smoother. The CURRENT EDITION of all order forms is indicated on Front Cover please make sure this is in the date range as prices may have changed.

Turn-around time

Orders are processed as quickly and efficiently as possible. Order-turn around time depends greatly on the number of orders waiting to be entered. At our busier times (particularly during the first 3 months of the year), there can be a back log of orders stretching back a few days. Even though we may have received your order on a certain day, it may not necessarily leave our warehouse until several days later.

A number of issues may delay the processing of an order:

1. Insufficient or ambiguous address and contact details.
2. Ambiguity with the order itself.
3. Insufficient payment to cover the cost of the order or credit card declined
4. Outstanding registration (for those enrolled with home schooling groups).

**PRICES ARE CORRECT AT TIME OF PRINTING/LISTING
BUT MAY BE SUBJECT TO CHANGE WITHOUT NOTICE**

Please ensure all these points have been addressed before placing an order.

Certain events occur each year which will delay processing of all orders. They are as follow

Stocktaking at the end of June: Estimated delay: 4-5 days; Occurrence: Once a year

Receiving container orders: Estimated delay: 1-2 days; Occurrence: at least four times a year;

Staff Absences; Public Holidays; unforeseen technical issues.

Given these factors, it is impossible to give a guaranteed order turn-around time. It is better to plan in advance as much as possible and submit your order as soon as possible.

Contact Information:
