## ADVANTAGES OF SCEE CONVENTIONS

SCEE promotes A.C.E. Student Convention as a "3D Event". It is a residential event where students can discover their God-given gifts and abilities, where students can develop those gifts and abilities, and where they can also learn to dedicate their gifts and abilities to God and the ministry of Christian endeavour. Convention also offers students the opportunity to compete in a Christian context. Students may choose from over 140 different events, so it is likely that every student will find events in which they can compete in a Christian context. These events are spread across eight different categories: **Academics, Athletics, Visual Arts, Media Arts, Manual Arts, Music (Vocal, Instrumental, and Combined), Scripture, and Platform (Speech and Drama)**. The South Pacific A.C.E. Student Convention Guidelines provide the criteria and information for each event and all the forms required for entry to the events.

### **The purpose of A.C.E. Student Convention is:**

- To reflect the character objectives of our Lord Jesus Christ.
- To give Christian young people opportunity to develop leadership skills and grow in their faith.
- To strive for and set a standard of excellence.
- To promote school spirit and excitement about Christian education.

### **ACE Convention Southern Cross Educational Enterprises**

A.C.E. Student Convention is an integral part of your students' education. Convention is structured on sound educational principles and incorporates many areas not directly covered by PACE work. This leads to a well-rounded curriculum within the school or homeschool structure. Convention presents opportunities for students to network and socialise with their peers, and to work in groups and teams. It also provides external assessment of their entries.

Student Convention can be one of the most rewarding events in the student's annual calendar. Students who are over 11 years of age but have not turned 20 years of age and are using the A.C.E. resources in schools and/or through a homeschool provider, may attend a Regional Student Convention. When successful with their chosen events, they have the opportunity to move on to competition at a South Pacific level. They may also qualify for International Student Convention (in the US) once they have turned 13 years of age.

## SCHOOLS AND FAMILIES

### **Advantages by participating in Student Convention:**

- Students learn new skills and develop Christian leadership
- Students grow in confidence.
- Students gain a sense of belonging.
- Students place their personal educational experience into a larger perspective.
- Students make new friends.
- Students showcase their gifts and abilities.
- Students' decision making and Spiritual growth will be a by-product of the fellowship, atmosphere and challenge of the evening rallies.
- Students work collaboratively when preparing and performing in group and team events.

### **Regional Student Conventions**

Regional A.C.E. Student Convention is the entry point event for all students. They are held annually in the following Regions/Countries: Fiji, Papua New Guinea, Indonesia, New Zealand, Australia and Indonesia.

## TESTING AND DIAGNOSIS

These tests can be used for students who know how to read.

A student's academic needs must be **diagnosed** before the proper resources can be prescribed. Proper academic diagnosis and prescription is vital to a student's **achievement**.

Students are tested in basic **math, english, social studies, science, Bible reading, literature and creative writing, word building and spelling**. A.C.E. diagnostic testing helps identify learning gaps and begins with simple concepts and continues through more advanced abstract thinking. Successful completion of these tests indicates readiness for specific levels.

**Analysis of Diagnostic Tests** should be done by your homeschool provider who will set an appropriate learning strategy according to the outcome.

## HOW THE PACE WORKS

**PACES** (Packet of Accelerated Christian Education)

A.C.E. has taken the conventional textbook style and divided it into bite-sized, achievable Work books called **PACES**. Each PACE is more or less equivalent to a unit in a textbook. Each **level** consists of **12 PACES** in each subject. PACEs integrate Godly character building lessons into the academic content and self-instructional activities are carefully designed to develop thinking skills and create mastery learning.

A value system is built into each PACE enforcing positive character traits.

Visualised vocabulary to increase reading level and comprehension

Goals clearly defined

Checkups to reveal weak areas

### Features of the PACES:

- Guided self instructional learning with limited lesson planning
- Encourages creative writing and character development applications integrated with academic lessons
- Learn Vocabulary using phonetics and visualisation
- Students continue building fine motor skills
- Hands-on social studies and science projects allowing students to apply what they have learned
- Lessons presented with exciting illustrations and written to ensure comprehension
- Checkups and a Self Test to help the student determine his weak areas and readiness for the final Test to help the student pass
- Test to measure student mastery of material studied
- Goal-setting for future planning
- Learn the vocabulary and phonetics, a Bible verse, and a corresponding character trait.
- Students learn responsibility through scoring the smaller tests in order to prepare for the final test.
- Repetition from level to level reinforces each trait.
- Illustrations, activities, and testing help the student gain an understanding of each trait.
- Fourteen main cartoon characters portray Biblical character traits throughout the PACES.

## KINDERGARTEN (PRE-SCHOOL) READING DEVELOPMENT

(Pre-school level)

There are several avenues by which children and adults can learn to read or increase their reading ability.

Conclusive studies demonstrate that in order to better read and understand, it is important to use phonics.

**Kindergarten with Ace and Christi** :This kindergarten resource is designed for children tested “not ready to learn to read.” It features a complete scope and sequence of concepts and skills needed to prepare K3-K5 children in readiness to learn to read. Sixty PACEs (2,000 pages) filled with Bible and animal pictures, coordination development activities, and full-colour picture stories motivate a child to read. He will also learn social skills, the wonders of God’s world, and the reality of God’s love. Another feature for you is the self-instructional format for guiding children from pretesting through a kindergarten graduation resource.

The ABCs **Reading Readiness Test** is given to all children who have never been to school or who do not know how to read. The result of the test determines the child’s individual placement in the level.

# SUBJECT PATHWAYS level 7-12

## Recommended with your future in mind

### Think about your choices

There are three major educational decisions you have to make while at school or homeschool.

1. Concerning your career choices, which is an integral part of the Career and Educational Planning from level 7 – 12.
2. The subjects you choose in levels 9 and 10 to support these career choices.
3. The subjects you choose for levels 11 and 12 if your career choices indicate that you must study beyond level 10.

Each of these decisions is very important since it affects the type of career or tertiary study you can choose when you leave school. Your resource selections also directly affect your happiness and success while at school.

From levels 7-12 is the opportunity to study areas to meet your personal interests and career goals.

#### Things to consider when thinking about your pathway:

- What are my interests?
- What is my career choice?
- Which subjects support my career choice?

Please contact your school or homeschool service provider to discuss your certificate options.

It is recommended you select 5-6 subjects per level. For a well balanced education select subjects from several different subject areas.

Missions 1 Here is sacrifice, heartbreak, suffering, persecution, and above all, triumphant love that conquered the powers of darkness. The story speaks for itself because of the tremendous witness of John and Elaine Beekman who made peril their choice! This book shows the reader how a translator works interpreting and spreading the Gospel message.

000073

Mission 2 IN 1962, Don and Carol Richardson risked their lives to share the gospel with the Sawi people of New Guinea. Peace Child tells their unforgettable story of living among these head-hunters and cannibals who valued treachery through fattening victims with friendship before the slaughter. God gave Don and Carol the key to the Sawi hearts.

000075

Missions 3 When a young missionary answered God's call to share Christ with a tribe of head-hunters in India, even he could not foresee how God's message would change the lives of the Hmar tribe. They had no Bible and relied on memorization to learn God's Word. See how God used this humble servant to radically change the lives of thousands of people.

000132

Missions 4 John and Betty Stam gathered servants together to pray about the matter. Suddenly their prayers were interrupted by a loud banging at the door. It was the communist forces. Experience their triumph through pain and suffering at the hand of unbelieving communist forces and rejoice as many Chinese people accept Christ through the self-sacrifice.

000143

Missions 5 Me? A missionary?! Mr Griffiths describes the qualifications and qualities of missionaries. He helps us see that what God requires is availability not just ability. If you have ever felt God leading you into any type of missionary ministry, read this book! It gives the basics for starting a missionary career.

000156

Missions 6 The life of David Brainerd, however, can hardly be classified with any majority group - for his is a class of its own. Sickness, discouragement and failure meant nothing to David. His only joy was to pour out his very life for the service of God and the furtherance of the Gospel. This book will challenge you to consider what is really important.

Norman Grubb's vibrantly God-directed life began in a quiet moral atmosphere, the son of a scholarly Irish clergyman. While recovering from a war wound his attention was drawn to the youngest of the "four beautiful daughters" of C.T. Studd. The Lord sealed his call to Africa before his marriage to Pauline and together they served as pioneer missionaries.

## ENGLISH AS YOUR SECOND LANGUAGE RESOURCE *P15 of the Order Form*

This DVD and study guide resource is geared for adult thinking at an adult maturity level. This means the student should have some degree of motivation to learn English and be willing to review a lesson until he understands it. The resource lends itself to a small group review or to individual use. It is self-paced, self-instructional, non-threatening and individualised, and places no unrealistic demands on the student. Excellent for use by organizations who want to provide this as a community service, the resource includes ten DVDs and one workbook.

## BRIDGING GRAMMAR RESOURCE

### P3 of the Order Form

Grammar has not been written for the purpose of replacing English PACEs. It is a brief summary for students who come late to A.C.E. Because it is a catch-up or review (bridging) course, it should only be used to help students review (ie. in addition to the PACEs). Grammar 1 covers English 1050 - 1052; Grammar 2 covers English 1053-1060.

The Grammar PACEs are designed as a bridging resource for students who start using the A.C.E. resources as late starters. These students are required to complete the Diagnostic Testing and if they diagnose 2 levels or more below their chronological level, then the full set of Grammar PACEs should be prescribed. These students are usually in Grade 8,9, or 10 and would otherwise have no way of completing the English requirements for Graduation. Please contact your service provider to discuss your options using the Grammar course.

This resource will cover essential concepts from English PACEs 1037 to 1096. The Grammar PACEs 1-12 are designed to prepare your student for English 1097 -1108. At the front of each Grammar PACE, there is a letter to the educator, outlining the relationship to A.C.E. English PACEs so that educators and home educators can support their student's understanding of English grammar and prepare their student for success with English 1097 onwards.

## 1. VITAL INFORMATION

The following information is required for all orders whether placed by mail, fax, phone or email.

- Your Account CODE (On each invoice - the first four letters of your surname or school and digits. eg JOHN009 for Johnson).
- Your NAME or SCHOOL (eg: Mr and Mrs J. Johnson).
- Your Delivery ADDRESS (eg: 123 Adelaide Street, YOURTOWN, QLD 4720).
- Your PHONE NUMBER.
- DATE of your order.
- If applicable, provide special delivery instructions only (we ship the quickest and most economical way).
- Payment details

## 2. PAYMENT DETAILS

Company policy is payment with orders. If order is unpaid, it will be held until full payment is made.

Home School Family Registration is to be paid prior to the release of an order.

- Credit Card

Please complete your Credit Card Number and Expiry Date on the order forms.

We require a written signature for you to use credit card facilities. Credit Cards are processed the day the order is checked after printing. Please request a Credit Card Authority form if you anticipate either making a phone or email order. (Fax orders can be signed to give correct authority).

- Cheque or Money Order

Post with your order. Money orders and cheques are banked the day they are received.

Cheques and Money orders are to be made out to SOUTHERN CROSS EDUCATIONAL ENTERPRISES.

If Payment by cheque does not cover the full order amount, further payment will be required before items is released.

## 3. PRODUCT INFORMATION

Please direct any queries, regarding what to order, to the organisation in which your students are enrolled BEFORE ordering.

All OUR Products are now listed on the SCEE order forms. A product catalogue and a subject 'Scope and Sequence' are issued at enrolment or on request and also can be downloaded or viewed by the Web : [www.scee.edu.au](http://www.scee.edu.au)

You should always consult your "prescription advice" and note carefully which PACEs and keys you already have in stock before ordering as **restocking fees apply where product is ordered and returned.**

## 4. ORDER TURN AROUND TIMES

We need your assistance to speed up everyone's order processing.

Please use the SCEE order forms then either POST, EMAIL or FAX your order. This is requested in order to reduce error rates or order queries and lessen staff time spent on phone calls instead of processing orders.

Guideline - Generally, orders are processed in two to three working days but during our busier times longer delays can be experienced. Orders are handled in half day batches, checking of accounts, processing of payment, entering, printing and checking, "pulling" from the shelf and dispatch for any given batch will occur over a few days.

To minimise delays - ensure your account and registration are up to date and payment is included with your order. January to June are our busier months and a week's worth of orders can be in the trays waiting for processing when we receive your order. While we dispatch all customer orders as quickly as possible, to avoid disappointment please send your order, at the latest, before your students begin their last PACEs.

In fairness our policy is to process orders in the order they are received.

Disruptions to processes occur, eg June stocktake, unpacking of shipping containers or staff leave.

## 5. ORDER FORMS (conjunction with Product Catalogue)

Please complete the detail requested on each page on which you order items.

- Product catalogues are issued at enrolment or on request, and can be downloaded from the Web.
- Customers are requested to submit orders on our current SCEE order forms as supplied. This is to assist with error reduction and smooth processing of customer orders. Refer to the product catalogue where necessary.

If you have not ordered for over 12 months, please request a set of the current SCEE order forms.

- Make sure that the totals for each page that have order amounts are written in their appropriate page allocation on the front cover as this will ensure we have all pages of your order.
- When ordering two or more of an item do not use notation (eg. III for 3) but rather the actual number (eg. 3).
- Keep a copy of the order that you have placed with us. When you receive your order you should carefully check it off against the enclosed invoice. Discrepancies should be reported to the Office immediately (see (f) below).
- Shipping Adjustment Form: Claims - Errors See Claims.

## 6. MAIL ORDERS

### RED PEN is clearest.

Mail orders are our first preference for the Orders Department to minimise order turn around time and reduce errors. Please ensure a clean, readable order form is submitted that lists current product and requires minimum deciphering.

## 7. FAX ORDERS

### BLACK PEN is clearest.

Hints - please take care - faxed orders can be illegible, smudged, missing pages or unidentifiable. Always send the order cover sheet first. DO NOT fax creased or folded pages. Use the SCEE order forms supplied. **Please circle the page numbers (bottom right of cover sheet) that we should expect to receive.** Make sure that the totals for each page that have order amounts are written in their appropriate page allocation on the front cover as this will ensure we have all pages for your order. When faxing it is imperative that you complete your current phone and fax details as we may need to contact you. It is best to complete your account details on every page as your faxed pages may not all come through together. If you are worried your fax hasn't all gone through - PLEASE CONTACT THE OFFICE.

## 8. E-MAIL ORDERS

Email ordering is not available where payment is to be posted. Post the order with the cheque.

Please call the SCEE orders department and they will email you a SCEE Order Form or login into the SCEE website ([www.scee.edu.au](http://www.scee.edu.au)) to load your relevant SCEE Order Form. We are now using these order forms in place of the old email ones.

To avoid receiving two of the same order avoid sending the same email twice.

**Important: Freight Information Please read carefully**

## Delivery Instructions are the Responsibility of the Customer

In the absence of these instructions, we will use TNT Air Courier for INTERNATIONAL consignments and Australia Post for DOMESTIC consignments as a rule.

TNT is generally quicker and more reliable than the Post Office for overseas deliveries. However, there are certain advantages and disadvantages with both services.

TNT offers a tracking service which is not provided by the Post Office. The delivery time tends to be considerably shorter than the Post Office. Most deliveries are door to door. However, in certain cases TNT costs more than the Post Office Air Mail service. Also, in certain countries, additional charges may be levied on top of Import duties, VAT, GST, and taxes. These may involve "Administration charges" or Storage fees in cases where TNT has needed to store a consignment on behalf of the customer. It is therefore in the client's interest to obtain this information prior to placing an order with SCEE and advising us what method of delivery you would prefer. Australia Post is preferable to TNT for some countries because of Customs clearance procedures. The responsibility for obtaining information about import duties and taxes is the Customer's not SCEE's.

Overseas customers should be aware that import duties and fees may be levied by Customs Authorities based on the declared value of goods in a consignment. Our goods are described as "EDUCATIONAL MATERIAL – NOT FOR RESALE". However, we cannot say they have "NO COMMERCIAL VALUE" as a financial transaction has taken place between us as the supplier and you as the customer.

Our invoices will list two amounts. One will be the total value of the order including freight. The other total will be a comment in the body of the Invoice: VALUE OF GOODS EXCLUDING FREIGHT IS \$..... This second value is purely the value of goods without freight. Depending on the country of destination and sometimes even the local official involved, duties and taxes may be payable by you as the recipient and importer of the goods. SCEE

cannot guarantee that no taxes or duties will be payable by the client irrespective of the carrier.

It is the customer's responsibility to familiarise themselves with their own country's Import Laws (ie. Import Duties such as GST and VAT)

If you are uncertain about the cost of a particular delivery service, you can contact SCEE for a quote. However, this quote will not include any of the charges mentioned above.

### DELIVERY OF OVERSEAS CONSIGNMENTS

With overseas deliveries it is vitally important that the addressee provide us with a current and complete street address plus contact telephone number and other details (ie. e-mail address). International couriers will only hold goods for a few days before returning them to the sender. Should this occur because it has been established that the client has not provided sufficient contact details to SCEE on their order, then return freight charges will become the liability of the customer.

Should you be away from your place of residence (eg. travelling) during a time when the courier is attempting to deliver goods, it is your responsibility to advise SCEE and to provide some other means by which to collect goods.

### Freight Options Within Australia

TNT Group Economy (Where schools consolidate their orders into a single consignment which is sent to a nominated freight forwarder in Singapore)  
Consignments shipped directly to Indonesia from Australia, require an import license if they exceed 100kg in weight.

**SCEE has sought to obtain the best possible delivery system taking into account, cost, speed, reliability and tracking ability.**

Australia Post Air Mail is available as an alternative for all regions. However, transit times are generally longer and the service less reliable and no tracking service available.

## Sea Freight

Sea Freight is only economical for orders above a certain weight. For goods being sent to most South Pacific destinations including Indonesia and Singapore, your order will need to be above 40kgs before it even starts to become cheaper than air freight. For example, sending 40kgs will cost approximately the same by sea freight or air freight. This is because of all the administration charges applied to sea freight consignments in addition to cost of actual freight.

Sea freight is a good option for larger orders where transit times are not crucial. SCEE uses Vanguard Logistics for sea freight consignments. If you have a preferred carrier, you will need to forward the details to SCEE with your order.

Please contact the SCEE Office for a quote if you are interested in this option.

## Return Policy

1. SCEE accepts returns from customers for materials purchased **strictly within 90 days from date of invoice**. Materials must be returned in saleable condition, **unmarked**, unstamped, with no sign of shelf wear.
  - (a) A **20% RESTOCKING FEE** will be charged for each return with an ex GST value less than \$100.00. A 15% restocking fee applies to goods returned with a value over \$100.00 ex GST.
  - (b) **OVERSEAS**: Consider the costs of restocking and freight against the value of goods being returned.
  - (c) **NOT ACCEPTABLE FOR CREDIT ARE: Score Keys (answers), out of date (IE PACEs and Keys from an earlier edition) items, cassette tapes, DVDs, disks, CD's (computer software including web-based products) training materials, printed forms and individual components of sets or kits. 2. **PROCEDURE**
  - (a) Find the invoice #, complete a Claim/Return form (located on the back of the order form) and send to SCEE.
  - (b) Properly wrap, tie, and tape the carton. Newspapers should not be used for packing materials as it smears the PACEs. Avoid clips and squeezing lots into small envelopes. Damaged goods may be refused for credit.
  - (c) Credit will be applied to the customer's account. When next ordering, check your account credit / balance with SCEE and deduct any credit from your order payment
  - (d) Credit may also be refunded to the card originally used for purchases.

## Claims - Order Discrepancies

We take great care in filling, checking, and packing your order. Unfortunately errors can and do occur. We will endeavour to rectify errors as a matter of priority. Any errors in your order should be recorded on the **Shipping Adjustment Claim** form and returned to the SCEE Office. The Shipment Adjustment Claim form must accompany any queries concerning an order.

1. **INVOICE** - VERIFY WITH YOUR COPY OF THE ORDER UPON RECEIPT.

PLEASE CHECK YOUR INVOICE AND ORDER CAREFULLY. IF THERE IS A PROBLEM RETURN THIS COMPLETED FORM TO US WITHIN 20 DAYS, **30 DAYS FOR OVERSEAS CUSTOMERS**. CLAIMS MUST BE FILED WITHIN THIS PERIOD OF TIME. NO ADJUSTMENTS CAN BE MADE AFTER 20 DAYS.

2. **MISSING / INCORRECT ITEMS** - Any errors in your order should be reported immediately to the SCEE office [orders@scee.edu.au](mailto:orders@scee.edu.au) then complete a Shipment Adjustment Claim form (attached to the back of order forms) and post the forms to SCEE. Enclose the incorrect material items (if applicable).

**\*\*\*\*Overseas customers MUST contact SCEE before returning any resources, info@SCEE.edu.au**

It is vitally important that the adjustment claim has ALL the details relating to your claim; especially the complete information from the reference line on the invoice, the invoice number and your customer code. Do not send a new order in the same envelope as return items. Crediting of returns does not follow the same time line as order processing.

3. **ACCOUNT CREDITS** - Providing the error was a handling error (SCEE) and not an ordering error (you), write the cost of postage to return the items on the claim form before sealing the envelope. Where SCEE can establish an order error by SCEE, a refund of the postage amount can be credited to the customers account.
4. **DEFECTIVE MATERIALS** - Items will be replaced at no charge. Complete a Shipping Adjustment Claim form (located on the back of the order form) identifying the materials and type of defect. Send the form and the materials to SCEE. Your account will be credited for postage incurred in returning the materials. Indicate on the form whether you would like to have the materials replaced or credited to your account.
5. **LOST SHIPMENT** - If the shipment has been lost or shipped to the wrong location, the customer should contact the Despatch Department. If you have not received the correct number of boxes, wait two or three days and then call the Despatch Department. Multi-part consignments can become separated. **Do not sign** a delivery docket where the total number of boxes delivered does not correspond with the number of boxes indicated on the delivery docket.
6. **DAMAGED SHIPMENT** - Contact the SCEE office immediately.

7. **DAMAGED MATERIALS** - (determined AFTER opening shipment). Materials that have been altered or damaged by the customer cannot be accepted for credit. Indicate on the Shipping Adjustment Claim form (located on the back of the order form) the items damaged in shipment and send to SCEE

**Note:** SCEE RECOMMENDS THAT FAMILIES MAINTAIN A RECORD OF ALL PAYMENTS, INVOICES AND CREDITS. **DO NOT SEND CASH BY MAIL**

1. **TRADING TERMS** - Home School Families - full payment with each order.
2. **INVOICE TOTALS** - All invoice totals are to the exact cent. No rounding is performed.
3. **PAYMENT** - Forms of payment (in Australian Dollars) accepted by SCEE Ltd. are:
  - a. Cheque, Bankdraft or Money Order (in Australian Dollars)
  - b. Credit Card (Mastercard, Visa) see below
  - c. Cash - over the counter only.
  - d. For schools only - Telegraphic transfer (TT's) and Direct Debits (DD's)

Credit card purchases must include: Name on card; card number and expiry date. This advice must be included on each order which is to be charged to your credit card unless a current Credit Card Authority form is provided to S.C.E.E.

4. **TAX** - Prices from 1 July 2000 are affected by the Goods and Services Tax (GST). The GST is charged on invoices for goods sent within Australia ONLY. The tax is not included in the product list price and will appear as a separate item on your invoice. The total amount payable to SCEE is the price to customers plus GST.  
The Australian Goods and Services Tax is not payable by Overseas customers. Check with your authorities regarding your obligations. Goods purchased within Australia for overseas destinations must LEAVE Australia within 60 days, after payment is received or from the day that the invoice is generated, whichever is the earlier to qualify for GST Exemption.
5. **STATEMENTS** - Statements are issued monthly. To track your account balance please keep invoices and credit notes and record the amount of payments made to SCEE.
6. **DVDs** - DVDs are not available for rent due to the high risk of damage.

7. **PRICES** - Prices are subject to change without notice. It is the policy of SCEE Ltd. to keep prices as low as possible. Fluctuations in the exchange rate and the cost of goods overseas generally dictate price movements of our products.
8. **DETERMINING THE COST OF YOUR ORDER** - In order to accurately determine the cost of your order, you will need to refer to the SCEE Order Form for individual prices. Having totalled the value of all resources ordered, you must then refer to the relevant FPI Chart to determine freight, packaging and Insurance charges applicable to your order. Australian customers must add 10% (GST) to the total value of your order including freight. These details should be transferred to the appropriate columns on your order forms. If you are still unsure concerning how much to include after checking the Product Catalogue with the SCEE Order Form, please call the office for help before submitting your order.
9. **FREIGHT, PACKAGING AND INSURANCE (FPI)** - Freight charts are supplied with order forms in each order dispatched. Minimum freight charges apply as per charts.

### RETAIL COSTS

### ACTIVITY PAC

The ACTIVITY PAC is the section from the PACE that the student writes in. Activity Pacs are included when PACEs are purchased. (ie they are contained within the PACE).

Additional copies of the Activity Pacs are available separately for certain **PACE Numbers**.

ACE is gradually phasing out Activity Pacs. Where we can no longer supply the Activity PAC, we will automatically supply the PACE containing the Activity PAC at the PACE price. Some courses require Activity PAC to be purchased separately. Please contact orders if you are unsure if this is included in your order.

### RESOURCE BOOKS

Always check in advance whether the PACEs your student is working on does or does not require additional resources.

See subjects and resource book list.

Specific to subjects and PACEs. Some are required while others are optional.

### PACE SEQUENCE

See Scope and Sequence

In upper level subjects (PACEs above 1078), the numerical sequence may not necessarily be followed. For example, in the case of Social Studies, once the State History series has been completed, most students should choose between World History (97-108) or World Geography (1097 -1108). Then they could go on to the Australian History PACEs 1-12. as the level of difficulty is the reason that this latter resource should be attempted in this sequence.

For guidance on subject choices towards graduation, certificates and advice please consult certificate requirement forms or contact the School or Homeschool service provider your students are enrolled in for advice.

Includes Bible Reading, Literature and Creative Writing and Animal Science.

This is additional to Mathematics, English, Social Studies, Science and Word Building.

## SCHOOLS

### FAST TRACK ORDERING SYSTEM FOR URGENT ITEMS

SCEE recognises that, from time to time, most schools will need to place an urgent PACE order. These circumstances usually mean that the PACEs must be obtained as quickly as possible. In order to address this need more efficiently, SCEE is now offering a **FAST TRACK Ordering System for urgent items.**

**The following conditions will apply to this system.**

#### Australian Schools

The service is limited to 5 PACEs or 500 grams per order (allowing us to use an Australia Post Air Service not exceeding 500 grams). If an order exceeds 500 grams, it will be split into two satchels, or a larger satchel is used (whichever is the lower cost for the school). Fast track orders will automatically be sent by Express Courier.

#### Overseas Schools (Fiji, Indonesia, New Zealand, PNG\*, Solomon Islands, Vanuatu, Tonga, Nauru, Cook Island)

The service is limited to 5 PACEs or 500 grams per order. TNT Air international or Express Courier International will be used automatically. Orders above 500 grams may incur an extra cost based on the final weight of the item. The full cost of the freight and associated import charges must be borne by the school. Current information indicates a freight charge of AU\$20.00 for NZ and \$38.00 elsewhere for this service (Price subject to change).

1. The service is limited to urgently needed items e.g. PACEs or a required reader only (Non-essentials such as flags or forms will not qualify).
2. A non-refundable \$1.00 "Fast-track Fee" would apply for each item in the order (i.e. 1 PACE, \$1.00, 5 PACEs - \$5.00) Freight charges will

3. be in addition to the Fast-track Fee.
3. Cut-off times. A fast-track order must be received at the SCEE office by 12 noon in order to be processed for shipment the next working day. Every reasonable effort will be made to ensure the order is dispatched on the next working day.
4. Order placement must be by Fax or Phone only. E-mail will not qualify unless sent to [orders@scee.edu.au](mailto:orders@scee.edu.au) and accompanied by a phone call.
5. Delivery times are outside SCEE's control once the order has been dispatched and therefore cannot be guaranteed.
6. Fast track orders will not be subject to the normal quality control processes. (For example, such orders received by phone may be entered directly into the accounting system at the time of the call - thus eliminating paperwork). For orders lodged by phone, the caller accepts responsibility to correctly convey information to the staff member at the time of the call.
7. Any school account which has an overdue balance or is over its pre-determined credit limit may not avail itself of this service until the account is brought back within the normal trading terms.
8. A special Fast-track order form will be used for those schools choosing to fax their order. The Fast Track Fee as well as the freight charge (pre-printed) must be added to the cost of the PACEs.
9. This arrangement is subject to review at any time. Although every effort will be made to dispatch the order as quickly as possible, SCEE cannot offer any guarantee about delivery time. All freight charges and fees are non-refundable.

\*PNG schools must provide a valid Credit Card number or have available credit in their account to cover the full cost of the order freight and fee.

### 9. PHONE ORDERS - Repeat PACEs

Small orders of NO MORE THAN TEN ITEMS may be placed by phone if paying by credit card or account credit.

We need your assistance to speed everyone's order processing. Where possible we ask that you fax, mail or email orders. This is requested in order to reduce error rates and lessen staff time spent on phone calls instead of processing orders.

- (a) PRIORITY CALLING; prepare your order, look up item numbers, locate your account code, check you are not ordering PACEs you have already and have your credit card ready. Your school's academic staff are available to help you if you are uncertain about which course to order or if you are unclear about the sequence of the PACEs on the order forms. Please do check prior to ordering to ensure that you receive exactly what you require for your children.
- (b) The person recording your order will first request your account code and is required by company policy to verify your address details and check your account with the computer records.
- (c) Order items in the same way that they are listed on the order form. Starting with Mathematics PACEs and then to the Math Score Keys. Each subject will have its own score keys below the subject's PACE. If you are ordering for two or more children, combine their orders by subject.

### 10. PICK-UP ORDERS

**Orders to be picked up in person from reception:** *see office hours, holidays, stocktake.* Families who live in the vicinity of the Warehouse and would rather pick-up their order than have it delivered should write "PICK-UP" in the delivery address. **Customers choosing this method must allow 48 hours minimum, 2 full working days, for processing of their order.** Our policy is to process orders in the order they are received so as not to disadvantage any customers; see "order turn around times". Disruptions to processes do occur (eg June stocktake and unpacking of shipping containers). Please phone and check before leaving to pick up your order.

### 11. BACK ORDERS

Should an item ordered be listed as "out of stock" on your invoice, it will be back ordered for you. When the item comes back into stock, we will send it out to you freight free. DO NOT reorder out of stock items as you will most likely end up with a duplication of the product and charges.

### 12. ORDER DELAYS

Order delays may be experienced, refer to office hours, stocktake and holidays. See also order turn around times and vital information.

1. All consignments and orders are dispatched using the most efficient and cost effective method.
2. Customers are advised to clearly mark their street address (package delivery address) on their order form. Couriers require a street address to make deliveries.
3. If your delivery address involves use of a Post Office Box; R.M.B. (Roadside Mail Bag), M.S. (Mail Service) etc., we must use Australia Post.
4. Please remember to advise the office of any change of delivery address as soon as possible and complete the change of address details on your next order.
5. If you have special delivery instructions, you must clearly mark these on your order form.
6. All freight and handling charges are payable by the customer.  
Where it has been established that the office has made an error (i.e. goods not dispatched according to customer order, damaged items, etc.) OR an item is placed on back order, freight charges are not payable by the customer.
7. SCEE will not split orders in order to bring them under a certain value. (Customers may submit separate orders which will be subject to two lots of freight charges).
8. All customers should receive a freight charge chart (FPI) with their order forms. A new set of order forms is sent each time an order is dispatched.

## Webstore Guide - ORDERING

### PRODUCT CODES

One major change for users of this **webstore** will be the use of **product codes/item codes** from the **SCEE product Catalogue**. Generally when using our order forms or ordering by email, you indicate the subject and the PACE no. When our data entry staff enters your order they convert that information into the **product codes**. The product codes have always been there. The **PACEs** have a product code printed on the back. Knowing a little about the product codes will assist you in using the webstore.

The product code for PACEs is generally a six digit code on the back of the PACE which would be the same number displayed in the product catalogue; sometimes with letters or it could be all letters. For **nationalised Social Studies** there will be a (Z) New Zealand, (NG) Papua New Guinea, (I) Indonesia, (A) Australia, (F) Fiji, at the end of the code i.e. 406010A.

We recommend that you use the latest product catalogue from:

<http://www.scee.edu.au/distribution/forms/>

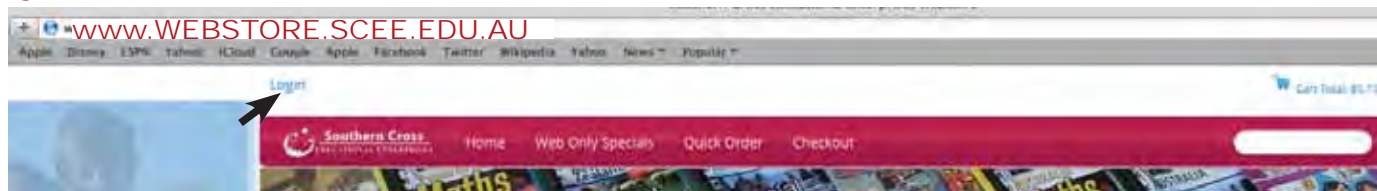

This catalogue has been revised to display the **product codes/item codes** in the format they are used in the webstore.

Access the **Webstore** with your favourite Web Browser (Firefox, Google Chrome, Safari, Internet Explorer, etc.) by entering [webstore.scee.edu.au](http://webstore.scee.edu.au) in the address bar.
