LITERATURE AND CREATIVE WRITING 6

In conjunction with reading six resource books, students will learn and practice many new and useful writing skills. From literary illustrations, they will be guided to use various literary devices and write original paragraphs of summary; comparison and contrast; cause and effect; fact and opinion; and exposition, description, persuasion, and narration. They will also see how such paragraphs develop into larger literary works and, then, use these different formats in their writing of essays. Biographies and autobiographies along with the writing of news stories are also part of this course. Reading Level age 10-13

ENGLISH AS YOUR SECOND LANGUAGE RESOURCE

This DVD and study guide resource is geared for adult thinking at an adult maturity level. This means the student should have some degree of motivation to learn English and be willing to review a lesson until they understand it. Lessons are short and fastpaced, designed so that the non-Englishspeaking student can complete it in 6-12 months. By that time, the student should have reached an intermediate Level of proficiency. The resource lends itself to a small group review or to individual use. It is self-paced, self-instructional, non-threatening and individualised, and places no unrealistic demands on the student. Excellent for use by organizations who want to provide this as a community service, the resource includes ten DVDs and one workbook.

English As Your Second Language Resource provides:

- Intense reading and phonetic (sound system) mastery, including phonics and linguistic-type activities
- Total Physical Response (TPR) (concrete understandable English)
- Math-oriented lessons with semitranslation of numerals to communicate the names
- Powerful presentations integrating audio, visual, and kinesthetic ways to learn whereby the student is more than a viewer, but an active participant through the variety of approaches and activities in each lesson.

English As Your Second Language items may be purchased separately.

BRIDGING GRAMMAR RESOURCE

Grammar has not been written for the purpose of replacing English PACEs. It is a brief summary for students who come late to A.C.E (**Late Start**). Because it is a catchup or review (bridging) course, it should only be used to help students review (ie. in addition to the PACEs). Grammar 1 covers English 1050 - 1052; Grammar 2 covers English 1053-1060.

The Grammar PACEs are designed as a bridging resource for students who start using the A.C.E. resources as late starters. These students are required to complete the Diagnostic Testing and if they diagnose 2 levels or more below their chronological level, then the full set of Grammar PACEs should be prescribed. These students are usually in Grade 8,9, or 10 and would otherwise have no way of completing the English requirements for Graduation. Please contact your service provider to discuss your options using the Grammar course.

This resource will cover essential concepts from English PACEs 1037 to 1096. The Grammar PACEs 1-12 are designed to prepare your student for English 1097 -1108. At the front of each Grammar PACE, there is a letter to the educator, outlining the relationship to A.C.E. English PACEs so that educators and home educators can support their student's understanding of English grammar and prepare their student for success with English 1097 onwards.

All OUR Products are now listed on the SCEE order forms. A product catalogue and a subject 'Scope and Sequence' are issued at enrolment or on request and also can be downloaded or viewed by the Web: www.scee.edu.au

You should always consult your "prescription advice" and note carefully which PACEs and keys you already have in stock before ordering as restocking fees apply where product is ordered and returned.

4. ORDER TURN AROUND TIMES

We need your assistance to speed up everyone's order processing.

Please place your order online This is requested in order to reduce error rates or order queries and lessen staff time spent on phone calls instead of processing orders.

Guideline - Generally, orders are processed in two to three working days but during our busier times longer delays can be experienced. Orders are handled in half day batches, checking of accounts, processing of payment, entering, printing and checking, "pulling" from the shelf and dispatch for any given batch will occur over a few days.

To minimise delays - ensure your account and registration are up to date and payment is included with your order. January to June are our busier months and a week's worth of orders can be in the trays waiting for processing when we receive your order. While we dispatch all customer orders as quickly as possible, to avoid disappointment please send your order, at the latest, before your students begin their last PACEs.

In fairness our policy is to process orders in the order they are received.

Disruptions to processes occur, eg June stocktake, unpacking of shipping containers or staff leave.

- (d) Shipping Adjustment Form: Claims Errors See Claims.

6 Important: Freight Information Please read carefully

- Delivery Instructions are the Responsibility of the Customer
- In the absence of these instructions, we will use TNT Air Courier for INTERNATIONAL consignments and Australia Post for DOMESTIC consignments as a rule.
- TNT is generally quicker and more reliable than the Post Office for overseas deliveries.
 However, there are certain advantages and disadvantages with both services.
- TNT offers a tracking service which is not provided by the Post Office. The delivery time tends to be considerably shorter than the Post Office. Most deliveries are door to door. However, in certain cases TNT costs more than the Post Office Air Mail service. Also, in certain countries, additional charges may be levied on top of Import duties, VAT, GST, and taxes. These may involve "Administration charges" or Storage fees in cases where TNT has needed to store a consignment on behalf of the customer. It is therefore in the client's interest to obtain this information prior to placing an order with SCEE and advising us what method of delivery you would prefer. Australia Post is preferable to TNT for some countries because of Customs clearance procedures. The responsibility for obtaining information about import duties and taxes is the Customer's not SCEE's.
- Overseas customers should be aware that import duties and fees may be levied by Customs Authorities based on the declared value of goods in a consignment. Our goods are described as "EDUCATIONAL

- MATERIAL NOT FOR RESALE". However, we cannot say they have "NO COMMERICAL VALUE" as a financial transaction has taken place between us as the supplier and you as the customer.
- Our invoices will list two amounts. One will
 be the total value of the order including
 freight. The other total will be a comment in
 the body of the Invoice: VALUE OF GOODS
 EXCLUDING FREIGHT IS \$........ This
 second value is purely the value of goods
 without freight. Depending on the country
 of destination and sometimes even the local
 official involved, duties and taxes may be
 payable by you as the recipient and importer
 of the goods. SCEE cannot guarantee that
 no taxes or duties will be payable by the
 client irrespective of the carrier.
- It is the customer's responsibility to familiarise themselves with their own country's Import Laws (ie. Import Duties such as GST and VAT)
- If you are uncertain about the cost of a particular delivery service, you can contact SCEE for a quote. However, this quote will not include any of the charges mentioned above.
- Delivery of Overseas consignments
- With overseas deliveries it is vitally important that the addressee provide us with a current and complete street address plus contact telephone number and other details (ie. e-mail address). International couriers will only hold goods for a few days before returning them to the sender. Should this occur because it has been established that the client has not provided sufficient contact details to SCEE on their order, then return freight charges will become the liability of the customer.
- Should you be away from your place of residence (eg. travelling) during a time when the courier is attempting to deliver goods, it is your responsibility to advise SCEE and to provide some other means by which to collect goods.

Consignments shipped directly to Indonesia from Australia, require an import license if they exceed 100kg in weight.

SCEE has sought to obtain the best possible delivery system taking into account, cost, speed, reliability and tracking ability.

Australia Post Air Mail is available as an alternative for all regions. However, transit times are generally longer and the service less reliable and no tracking service available.

Sea Freight

Sea Freight is only economical for orders above a certain weight. For goods being sent to most South Pacific destinations including Indonesia and Singapore, your order will need to be above 40kgs before it even starts to become cheaper than air freight. For example, sending 40kgs will cost approximately the same by sea freight or air freight. This is because of all the administration charges applied to sea freight consignments in addition to cost of actual freight.

Sea freight is a good option for larger orders where transit times are not crucial. SCEE uses Vanguard Logistics for sea freight consignments. If you have a preferred carrier, you will need to forward the details to SCEE with your order.

Please contact the SCEE Office for a quote if you are interested in this option.

RETURN POLICY

- SCEE accepts returns from customers for materials purchased strictly within 90 days from date of invoice. Materials must be returned in saleable condition, unmarked, unstamped, with no sign of shelf wear.

- (a) Find the invoice #, complete a Claim/Return form and send to SCEE.
- (b) Properly wrap, tie, and tape the carton. Newspapers should not be used for packing materials as it smears the PACEs. Avoid clips and squeezing lots into small envelopes. Damaged goods may be refused for credit.

- (c) Credit will be applied to the customer's account. When next ordering, check your account credit / balance with SCEE and deduct any credit from your order payment
- (d) Credit may also be refunded to the card originally used for purchases.

Claims - Order Discrepancies

We take great care in filling, checking, and packing your order. Unfortunately errors can and do occur. We will endeavour to rectify errors as a matter of priority. Any errors in your order should be recorded on the Shipping Adjustment Claim form and returned to the SCEE Office. The Shipment Adjustment Claim form must accompany any queries concerning an order.

- INVOICE Verify with your copy of the order upon receipt. Please check your invoice and order carefully. If there is a problem return this completed form to us within 20 days, 30 days for overseas customers. Claims must be filed within this period of time. NO ADJUSTMENTS CAN BE MADE AFTER 20 DAYS.
- MISSING / INCORRECT ITEMS Any errors in your order should be reported immediately to the SCEE office orders@scee.edu.au then complete a Shipment Adjustment Claim form (attached to the back of order forms) and post the forms to SCEE. Enclose the incorrect material items (if applicable).

Overseas customers MUST contact SCEE before returning any resources, info@SCEE. edu.au

It is vitally important that the adjustment claim has ALL the details relating to your claim; especially the complete information from the reference line on the invoice, the invoice number and your customer code. Do not send a new order in the same envelope as return items. Crediting of returns does not follow the same time line as order processing.

- ACCOUNT CREDITS Providing the error
 was a handling error (SCEE) and not an
 ordering error (you), write the cost of postage
 to return the items on the claim form before
 sealing the envelope. Where SCEE can
 establish an order error by SCEE, a refund of
 the postage amount can be credited to the
 customers account.
- 4. DEFECTIVE MATERIALS Items will be replaced at no charge. Complete a Shipping Adjustment Claim form (located on the back of the order form) identifying the materials and type of defect. Send the form and the materials to SCEE. Your account will be credited for postage incurred in returning the materials. Indicate on the form whether you would like to have the materials replaced or credited to your account.
- 5. LOST SHIPMENT If the shipment has been lost or shipped to the wrong location, the customer should contact the Despatch Department. If you have not received the correct number of boxes, wait two or three days and then call the Despatch Department. Multi-part consignments can become separated. Do not sign a delivery docket where the total number of boxes delivered does not correspond with the number of boxes indicated on the delivery docket.

- 6. DAMAGED SHIPMENT Contact the SCEE office immediately.
- 7. DAMAGED MATERIALS (determined AFTER opening shipment). Materials that have been altered or damaged by the customer cannot be accepted for credit. Indicate on the Shipping Adjustment Claim form (located on the back of the order form) the items damaged in shipment and send to SCEE

Note: scee recommends that families maintain a record of all payments, invoices and credits. DO NOT send cash by mail

4. TAX - Prices from 1 July 2000 are affected by the Goods and Services Tax (GST). The GST is charged on invoices for goods sent within Australia ONLY. The tax is not included in the product list price and will appear as a separate item on your invoice. The total amount payable to SCEE is the price to customers plus GST.

The Australian Goods and Services Tax is not payable by Overseas customers. Check with your authorities regarding your obligations. Goods purchased within Australia for overseas destinations must LEAVE Australia within 60 days, after payment is received or from the day that the invoice is generated, whichever is the earlier to qualify for GST Exemption.

RESOURCE OUTLINE

PRICES ARE PER UNIT UNLESS OTHERWISE INDICATED. PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE: Refer to the SCEE Order Forms

RETAIL COST Families currently registered with students enrolled in a SCEE / A.C.E. affiliated organisation receive a subsidy on the PACE price.

ACTIVITY PAC is the section from the PACE that the student writes in. Activity Pacs are included when PACEs are purchased. (ie they are contained within the PACE). Additional copies of the Activity Pacs are available separately for certain PACE Numbers. A.C.E. is gradually phasing out Activity Pacs. Where we can no longer supply the Activity PAC, we will automatically supply the PACE containing the Activity PAC at the PACE price. Some courses require Activity PAC to be purchased separately. Please contact orders if you are unsure if this is included in your order.

RESOURCE BOOKS Always check in advance whether the PACEs your student is working on does or does not require additional resources. See subjects and resource book list. Specific to subjects and PACEs. Some are required while others are optional.

PACE SEQUENCE In upper Level subjects (PACEs above 1078), the numerical sequence may not necessarily be followed. For example, in the case of Social Studies, once the State History series has been completed, most students should choose between World History (97-108) or World Geography (1097-1108). Then they could go on to the Australian History PACEs 1-12. as the Level of difficulty is the reason that this latter resource should be attempted in this sequence. For guidance on subject choices towards graduation, certificates and advice please consult certificate requirement forms or contact the School or Homeschool service provider your students are enrolled in for advice.

EXPANDED RESOURCES Includes Bible Reading, Literature and Creative Writing and Animal Science. This is additional to Mathematics, English, Social Studies, Science and Word Building.

SECONDARY INFORMATION For guidance on subject choice towards graduation please contact/refer to: School or Homeschool service providers (HSSP) accelerate.edu.au

Unregistered families (retail or Independent) -Graduation Certificates not available and no teachers curriculum assistance. Unregistered families do not qualify for graduation certificates.

DVDs Most DVDs are an optional resources support for some subjects and levels. For selection available see DVD section. Note: DVDs are not available for rent.

COMPUTER SOFTWARE Optional resources supplement (Reading, spelling, arithmetic and typing are available). See Computer Software section

SCHOOLS

FAST TRACK ORDERING SYSTEM FOR URGENT ITEMS

SCEE recognises that, from time to time, most schools will need to place an urgent PACE order. These circumstances usually mean that the PACEs must be obtained as quickly as possible. In order to address this need more efficiently, SCEE is now offering a FAST TRACK Ordering System for urgent items.

The following conditions will apply to this system. Australian Schools

The service is limited to 5 PACEs or 500 grams per order (allowing us to use an Australia Post Air Service not exceeding 500 grams). If an order exceeds 500 grams, it will be split into two satchels, or a larger satchel is used (whichever is the lower cost for the school). Fast track orders will automatically be sent by Express Courier.

Overseas Schools (Fiji, Indonesia, New Zealand, PNG*, Solomon Islands, Vanuatu, Tonga, Nauru, Cook Island)

The service is limited to 5 PACEs or 500 grams per order. TNT Air international or Express Courier International will be used automatically. Orders above 500 grams may incur an extra cost based on the final weight of the item. The full cost of the freight and associated import charges must be borne by the school. Current information indicates a freight charge of AU\$20.00 for NZ and \$38.00 elsewhere for this service (Price subject to change).

The service is limited to urgently needed items e.g. PACEs or a required reader only (Non-essentials such as flags or forms will not qualify).

A non-refundable \$1.00 "Fast-track Fee" would apply for each item in the order (i.e. 1 PACE, \$1.00, 5 PACEs - \$5.00) Freight charges will be in addition to the Fast-track Fee.

Cut-off times. A fast-track order must be received at the SCEE office by 12 noon in order to be processed for shipment the next working day. Every reasonable effort will be made to ensure the order is dispatched on the next working day.

Order placement must be by Fax or Phone only. E-mail will not qualify unless sent to orders@scee. edu.au and accompanied by a phone call.

Delivery times are outside SCEE's control once the order has been dispatched and therefore cannot be guaranteed.

Fast track orders will not be subject to the normal quality control processes. (For example, such orders received by phone may be entered directly into the accounting system at the time of the call - thus eliminating paperwork). For orders lodged by phone, the caller accepts responsibility to correctly convey information to the staff member at the time of the call.

Any school account which has an overdue balance or is over its pre-determined credit limit may not avail itself of this service until the account is brought back within the normal trading terms.

A special Fast-track order form will be used for those schools choosing to fax their order. The Fast Track Fee as well as the freight charge (preprinted) must be added to the cost of the PACEs.

This arrangement is subject to review at any time. Although every effort will be made to dispatch the order as quickly as possible, SCEE cannot offer any guarantee about delivery time. All freight charges and fees are non-refundable.

*PNG schools must provide a valid Credit Card number or have available credit in their account to cover the full cost of the order freight and fee.

9. BACK ORDERS

Should an item ordered be listed as "out of stock" on your invoice, it will be back ordered for you. When the item comes back into stock, we will send it out to you freight free. DO NOT reorder out of stock items as you will most likely end up with a duplication of the product and charges.

10. ORDER DELAYS

Order delays may be experienced, refer to office hours, stocktake and holidays. See also order turn around times and vital information.

- All consignments and orders are dispatched using the most efficient and cost effective method.
- Customers are advised to clearly mark their street address (package delivery address) on their order form. Couriers require a street address to make deliveries.
- If your delivery address involves use of a Post Office Box; R.M.B. (Roadside Mail Bag), M.S. (Mail Service) etc., we must use Australia Post
- Please remember to advise the office of any change of delivery address as soon as possible and complete the change of address details on your next order.
- 5. If you have special delivery instructions, you must clearly mark these on your order.
- All freight and handling charges are payable by the customer.

Where it has been established that the office has made an error (i.e. goods not dispatched according to customer order, damaged items, etc.) OR an item is placed on back order, freight charges are not payable by the customer

 SCEE will not split orders in order to bring them under a certain value. (Customers may submit separate orders which will be subject to two lots of freight charges).

WEBSTORE GUIDE - ORDERING

PRODUCT OR ITEM CODES

One major change for users of this **webstore** will be the use of **product codes/item codes** from the **SCEE product Catalogue**. Generally when using our order forms or ordering by email, you indicate the subject and the PACE no. When our data entry staff enters your order they convert that information into the product codes. The product codes have always been there. The PACEs have a product code printed on the back. Knowing a little about the product codes will assist you in using the webstore.

The product code for PACEs is generally a six digit code on the back of the PACE which would be the same number displayed in the product catalogue; sometimes with letters or it could be all letters. For **nationalised Social Studies** there will be a (Z) New Zealand, (NG) Papua New Guinea, (I) Indonesia, (A) Australia, (F) Fiji, at the end of the code i.e. 406010A.

We recommend that you use the latest product catalogue

This catalogue has been revised to display the **product codes/item codes** in the format they are used in the webstore.
